## 2021-22 OUTREACH FOCUS

King of Kings believes changed hearts are moved to serve others. Our school works closely with the church to offer outreach opportunities throughout the year. In addition, King of Kings encourages families to send an offering with their students for weekly Chapel. We pool those collections together each month and donate the monies to a worthy charitable cause.

Below is a highlight of our outreach plans for this next school year. Your Chapel donations will go toward these worthy causes. Watch for other ways to get involved, too!
